

Grades 3-5 ASP CLUBS

3 Doodler

Ready, set, create! Students will use 3D pens to create STEM based items and objects like glasses, jewelry, characters, buildings, and much more!

Around the Town

Let's get to know what is around us in our community through trips to various businesses and places. We may get to visit the ASPCA or learn how to make pizza. Note: due to the time required for this club, this club covers both session times on the day.

Arts and Crafts

Let's create something incredible together! In our Arts and Crafts Club, students will make hands-on projects and bring a new masterpiece home every session.

Basketball

Whether you are a slam-dunk champion or never played before, join our basketball club to experience fun games every week.

Bluehawk Boutique

Have you ever wanted to learn how to straighten, curl, or braid all types of hair? How about how to apply makeup or design nails? Now is your chance in this fun cosmetology-based club. Come get your creativity on.

BINGO

Win like never B-4 because yelling BINGO is pure happiness! Play against peers to win prizes.

Bluehawk Beat Newspaper Club

This just in — the Bluehawk Newspaper Club has our young reports writing stories about ASP and school events, conducting interviews, taking photos, and showing off their personalities in our weekly ASP newspaper! Students will learn how to work as a team in a creative environment and create a finished newspaper every week.

Note: Students must participate in this club for Monday's 1st session AND Thursday's 1st and 2nd sessions.

Board Games

Roll the dice, send a friend back home, or get stuck in an area in Candyland! From family games to deep strategy, all will have fun learning and playing a variety of childhood games.

Bracelets and Beads Club

Let's make homemade bracelets, necklaces, and more! In our Bracelets and Beads Club, students will create unique crafts out of beads, rubber bands, and much more! Let's see what we can create together!

Card Games/Charades

Want to act like a fool where everyone is supposed to laugh at you? Then Charades is for you. If this isn't your cup of tea, then how about secret bluffs and smart moves, new friendships and wild rules? You can always play card games.

Classroom Jeopardy

Come test what you know against your peers in this fun, low-risk, knowledge-based club. Questions are age appropriate and could be as simple as 1+1 to as difficult as who invented the chickpea. Come have fun learning new information, testing what you know, and laughing until your stomach hurts.

Cooperative Games

Students will participate in teamwork-based games to have fun while learning how to respectfully compete! The games will vary every week so everyone will have a chance to learn something new!

Flag Football

Touchdown!!! Come play in weekly games of flag-football and learn how to catch, run, and throw! Beginners are welcome here!

Fuse Beads

Let's get creative in our Fuse Beads Club! Students will design fun pixel-art creations and bring their imaginations to life!

Hawthorne Valley Farm

Let's see what Mother Nature has for us to eat! Every week, students will visit the Hawthorne Valley Farm and take part in hands-on activities showing them how food gets from a farm to their table. We will help grow food, feed and walk the animals, and prepare delicious food from ingredients made right on the farm.

Note: students will attend both sessions on the day due to the time required for this club.

Homework Help

Students will work with instructors to get help in their schoolwork, homework, and any other questions they have!

Hudson Library

Calling all book lovers to join us on a journey to check out books that interest you. Students will sign up for a library card and check out books very Thursday in this walking field trip.

Note: students will attend both sessions on the day due to the time required for this club.

Karaoke Club

Whether you are pitch perfect or just sing in the shower, all are welcome to explore music and singing in our Karaoke Club! We will create a judgement-free environment where everybody is welcome to sing at the top of their lungs!

Kickball

Kickball is a fun team sport that allows students to build upon skills like teamwork, hand-eye coordination and athleticism.

LegoLand

What an awesome way to use a hands-on approach with your imagination to build — one brick at a time.

Outdoor Fun Club

Let's head outside and see what fun awaits us! Students will use the playgrounds and let out all of their stored-up energy from the day. This club will either use the gyms or play board games when the weather isn't good enough to be outside.

Pickleball

Students will learn the different skills and rules for the game of pickleball. Each week will be a new skill and various rules. This then results in full game play for the rest of the club time.

RC Cars

Vroom! Vroom! Create obstacle courses and test your engineering skills with RC Cars. You and your groupmates will see where bridges or ramps failed, fix them, and try again in this fun teamwork STEM club.

Slime Club

It's okay to make a mess sometimes! In Slime Club, students not only are able to play with slime, but they will also make their own! Let's get creative and colorful with hands-on fun!

Soccer

Ready for the next World Cup already? Let's learn how to work as a team and respectfully compete in this beginner-friendly soccer club!

Theater Games

The spotlight is on you! Join us in Theater Games where students will play a variety of beginner and intermediate acting and improv activities. They will become silly characters, be put in funny circumstances, and create imaginative scenes together, all without needing to rehearse for a performance!

Theater Performance

Lights, camera, action! In our theater performance club, our little actors will practice an original play by our talented director, Mr. Noah! Students both familiar and new to theater will become our stars through rehearsals. Later in the year, we will host a public performance to show off all of our hard work!

Note: Due to the nature of needing to rehearse for a final performance, students in Theater Performance will be expected to attend both sessions on Monday, Wednesday, and Friday.
