Care Coordination

A person-centered approach in facilitating individual healthcare needs

Your local Care Coordinator can help you attain the best possible services for physical and/or mental health

A Health Home partner of...

WHAT IS A HEALTH HOME?

A Health Home is not a physical space. It is a group of health and community agencies that work together to help Medicaid eligible adults with serious and chronic health conditions. We help you obtain additional support services and stay healthy.

Each Health Home member will have a designated Care Coordinator to help them coordinate their physical and/or mental healthcare.

Care Coordination will not interrupt your current health services, including your doctors or managed care plan.

WHAT CAN MY CARE COORDINATOR HELP ME WITH?

A Care Coordinator can help you stay healthy by assisting with:

- **Making and remembering appointments**
- **Set up transportation to appointments**
- **Communicating with your providers**
- **Answering questions about your healthcare**
- **Finding new providers (such as primary care doctors)**
- **Advocating for services**

A Care Coordinator can also help provide links to:

- **Local housing resources**
- **Department of Social Services**
- **Social Security Administration**
- **Community agencies for food and clothing**
- **Recovery oriented services**

WHO CAN JOIN A HEALTH HOME?

Any adult who is **eligible for Medicaid** and has two chronic diseases, such as diabetes, asthma, heart disease, high blood pressure, substance abuse, HIV/AIDS or a serious mental illness may be able to join.

If you are interested in receiving Health Home services or would like to refer someone, please contact one of our Enrollment Care Coordinators who will be happy to assist you!
